Organisation of international youth exchanges

Introduction to the theoretical and practical planning of international youth exchanges.

For existing partnerships (both partners can register), and interested institutions who want to build a new partnership or get basic information.

Various workshops, some with external experts, form the building blocks of the training.

Contents:

- Introduction to intercultural learning
- Intercultural methods
- Planning of a programme
- Funding opportunities
- Marketing
- Evaluation and Follow-up
- Worst Case Tools
- Network

Seminar language: German and English

We apply for recognition as educational leave under the Lower Saxony Educational Leave Act (NBildUG).

Feel free, to also let potentially interested parties from abroad know about our training seminar.

The training is an offer within the framework of the cooperation project 'International Footprint' of the Regionsjugendring Hannover e.V. and the Team Jugend- und Familienbildung of Region Hannover.
